LINCOLN COLLEGE

FREEDOM OF INFORMATION PUBLICATION SCHEME

INTRODUCTION

1 LEGAL REQUIREMENT

- 1.1 Adopting a publication scheme is a requirement of the Freedom of Information Act 2000. This Act promotes greater openness and accountability across the public sector by requiring all 'public authorities' to make information available proactively, through a publication scheme.
- 1.2 'Public authorities' are defined in the Act and include universities, further education colleges and sixth form colleges.

2 WHAT IS A PUBLICATION SCHEME?

- 2.1 A publication scheme is a document which describes the information a public authority publishes, or intends to publish. In this context, 'publish' means to make information available, routinely. These descriptions are called 'classes of information'. The scheme is not a list of the actual publications, because this will change as new material is published or existing material revised.

3 WHO WE ARE

- 3.1 Lincoln College is a large general further education (GFE) college and is one of five colleges in the county of Lincolnshire. It has three main campuses: one in Lincoln and one in Gainsborough in Lincolnshire plus one in Newark in the county of Nottinghamshire. It also provides courses in a number of county venues notably for learners with learning difficulties and equine curriculums. The college offers courses in all subject areas with the exception of agriculture and horticulture which are only taught in LLDD programmes. The majority of learners are enrolled on courses in preparation for life and work, health public services and care, science and maths, language literature and culture, arts media and publishing, leisure travel and tourism, retail and commercial enterprise, engineering and construction. The college has its own work based learning contract and offers Work Place Learning directly and via a consortium of sub-contractors that it manages.

The college is part of the Lincoln College Group. The group also includes two academies, two colleges in the Kingdom of Saudi Arabia, international delivery on mainland China and the sponsorship of the Lincoln University Technical College.

The college offers full and part-time learning opportunities from pre-entry to advanced higher level skills development. There are 3268 learners aged 16-18 attending full-time and 211 attending part-time. A further 833 adult learners attend full-time and some 3622 were on part-time courses. In addition, 218 learners were on the equivalent of programmes for the unemployed, 3719 were on Adult Apprenticeship courses and 752 learners were on 16-18 Apprenticeship programmes. The college provides several

Integrated Employment Services courses. A total of 80 pupils aged 14-16 attend college courses from local schools.

The proportion of learners from minority ethnic heritage groups is approximately 11% by number of starts. The population by gender for long programmes is split by 48% female against 52% male and 29% of all learners have a declared learning difficulty, disability or reported health problem by number of learner starts.

The college serves a largely prosperous area, although areas of relative deprivation exist within the college's catchment. Unemployment rates within the local area compare favourably with national rates and a higher proportion of pupils leave school, in Lincoln, with five or more GCSE high grade passes than is the case nationally. This is in contrast to the demographic at the Gainsborough and Newark (Nottinghamshire) campuses which have lower than the national average performance for pupils leaving school.

Business Demographics

Across Lincolnshire and Nottinghamshire, there are over 57,000 businesses. Important sectors are Retail, Construction, and Agriculture, Forestry and Fishing. Lincolnshire has more businesses in Agriculture, Forestry and Fishing than the national picture (13% vs 4%) and Construction (12% vs 11%). It has fewer in Information and Communications (3% vs 7%) and Professional, Scientific and Technical (9% vs 14%). The college serves areas covered by two Local Enterprise Partnerships: Greater Lincolnshire LEP and D2N2 (Derby and Derbyshire, Nottingham and Nottinghamshire) and both bodies have identified growth opportunities: GLLEP Growth in Manufacturing, Care, Agri-Food, Renewables, Visitor Economy and Ports and Logistics; and D2N2 Growth in Transport Equipment Manufacturing, Medical and Bioscience, Food and Drink Manufacturing, Construction, Visitor Economy and Low-carbon Goods and Services.

In summary the college offers:

- the largest sixth form in Lincolnshire with a broad portfolio of A levels
- an expansive range of vocational programme in all subject sector areas
- progression in a majority of curriculum areas to higher education
- work place learning provision including apprenticeships and return to work
- a substantive commitment to social inclusion and community cohesion
- first class teaching and learning facilities
