# OUR FUTURE BY 2025

- Our staff are passionate and innovative in their focus on the quality of our education and training to unlock an extraordinary learning experience resulting in highly skilled and motivated students with sector leading outcomes
- Our education and training is nationally recognised as employer-led and informed by the local skills agenda, resulting in our students being even more productive and employable
- Leaders enable and liberate our people by being exceptional communicators, inspiring others and having an extraordinary approach to people management and development
- The College Group continues to invest innovatively in education and training due to growth and diversification of our income in the UK and overseas
- Our focus on finances, infrastructure and estates will provide resources that reduce our impact on the planet and accelerate the student experience to extraordinary

# OUR PRIORITIES 2022-2023
