WHAT ARE MY CHANCES OF GETTING A JOB?

We can't guarantee a job with the police as all jobs and apprenticeships have to be subject to interview and vetting – but Lincolnshire Police has guaranteed interviews for Policing College Graduates – you won't get this anywhere else.

WHAT IS A BA (HONS) PROFESSIONAL POLICING DEGREE?

Lincoln College's first intake on its Professional Policing Degree started in September 2020. This Career Degree Programme will give graduates the competitive advantage in police officer recruitment rounds and prepare them to pass first time if they are successful in interview.

Where possible students will join the Special Constabulary as Special Police Constables – serving the community alongside Police Officers while they complete their studies.

Studying on our BA (Hons) Professional Policing, you will study a wide range of theoretical and legislative subjects and gain the knowledge you need for a rewarding career in the police service.

The highlights

- This degree is designed and delivered in close partnership with Lincolnshire Police to give you a head start in your career
- We equip you with the practical skills and theoretical knowledge you need to become an effective police officer
