

Our Mission

“Employer-led; producing a highly skilled and productive local workforce.”

Our Vision

“To be an extraordinary organisation with sufficient scale and resilience to ensure that it adds recognised social and economic value to its communities in Greater Lincolnshire and Nottinghamshire by providing high quality education and training and making people exceptionally well prepared for work.”

Our Ambitions

We will be extraordinary when we harness all of the thoughts, actions and behaviours of the organisation and focus on achieving excellence in education and training. This requires us to innovate; and to convert our innovations from concept to reality. The outcome of achieving excellence in education and training is the production of a highly skilled and productive workforce for our regional employers; this is paramount and is reflected in our ambitions for the future:

1. Excellence in Education and Training

We will accelerate the ongoing transformation of our education and training delivery, dramatically improving the outcomes for our learners, until we are extraordinary.

2. Employer-focused Curriculum

Our curriculum will be highly relevant, meeting the needs of employers and other key customers.

3. Higher Education and Skills Growth

Through our Career Degree concept, we will continue to advance our higher education and skills offer with major investment in new infrastructure and programmes.

4. International and Commercial Development

We will have the largest and most profitable international and commercial portfolio of UK general further education colleges, which generates substantial investment in education and training in Greater Lincolnshire and Nottinghamshire.

5. Collaborate for Strength

We will be more resilient by creating new partnerships, founded upon trust and confidence, so that we are stronger together and better able to meet the needs of businesses and students.
