CAREER DEGREES

AT LINCOLN COLLEGE UNIVERSITY CENTRE

Stay local and go far with our Career Degrees.

A highly competitive job market across most sectors can make securing graduate roles challenging, that's why we've developed Career Degrees, to give our students the opportunity to get ahead of the competition at interview and help them secure the career of their dreams.

Our classes are smaller which means our students can receive more one-to-one time with their tutors, as well as engaging debates and collaborative working with fellow students. With our condensed timetables, students may choose to work while studying, look after family or enjoy a better study-life balance. Plus, our university-level students graduate in an annual ceremony held in and around the grounds of the historic Lincoln Cathedral.

We have a variety of degrees covering a wide range of subject areas including: *Animal Management, Construction & Engineering, Computing, Education, Health, Photography & Media, Policing, and Sports.*

For more information, please visit our website, www.lincolncollege.ac.uk/university-centre

Alternatively, contact our friendly team or attend an upcoming Open Day to learn more about our courses and the many benefits of studying for a degree at Lincoln College University Centre.
