GLOSSARY 6

A. FRAMEWORK OF AWARDS 11

1.0 General 11

2.0 Credit 11

3.0 Validated Awards offered by The Open University 12

B. ADMISSIONS 17

4.0 Admissions policy and procedure 17

5.0 Appeals and complaints regarding the admissions process 17

C. MATTERS RELATING TO REGISTRATION 19

6.0 General 19

7.0 Period of registration for Open University validated provision 19

8.0 Interruption of studies 21

9.0 Attendance requirement 22

10.0/D. ASSESSMENT, PROGRESSION, AND AWARD OF CREDIT 22

11.0 Minimum requirements for pass 23

12.0 Identification of requirements from professional, statutory and regulatory bodies 23

13.0 Submission of assessed work 23

14.0 Assessment scores 24

15.0 Determining module outcomes 25

16.0 Provision for viva voce examination 25

17.0 Determining progression and qualification outcomes 26

18.0 Grading and Classification Awards except Bachelor Honours Degrees 31

19.0 Bachelor Honours Degree Classification 32
20.0 Provision for exit awards 33
21.0 Posthumous and Aegrotat awards 33
22.0 Recognition of prior learning 34
E. ACADEMIC MISCONDUCT 36
F. EXTENUATING CIRCUMSTANCES 38
G. BOARDS OF EXAMINERS 40
25.0 Appointment of Boards of Examiners 40
26.0 Membership of Boards of Examiners 40
27.0 Authority of Boards of Examiners 41
28.0 Subsidiary Boards of Examiners 42
29.0 Conditions of conferment by The Open University 43
H. ACADEMIC APPEALS AND COMPLAINTS 44
30.0 Grounds for appeal 44
31.0 Academic Appeals and Complaints procedures 45
32.0 Action following academic appeal procedures 45
33.0 Requesting a review to The Open University 45
I. TRANSCRIPTS, DIPLOMA SUPPLEMENTS, AND CERTIFICATES 47
34.0 Transcript 47
35.0 Diploma supplement 47
36.0 Certificates 47
Content of transcripts 49
Outline structure for the diploma supplement 50
Content of certificates 52

INTRODUCTION

These Regulations apply to all new student cohorts on approved registerable modules (from 1st September 2024) and programmes leading to an Open University (OU) validated award with effect from 1st September 2015 (or earlier if deemed appropriate by the Partner institution and the OU). The Open University is the awarding body and the credit and qualifications awarded are OU credit and qualifications. However, the programmes of study are developed and delivered by Partner Institutions. The Open University and its Partner Institutions have a formal relationship underpinned by the QAA's UK Quality Code for Higher Education (2024) which sets out expectations for academic standards, academic quality and information about higher education provision, and expectations of The Office for Students (OfS) Conditions of Registration the Universities' primary regulator in England. The OfS publishes their expectations for Higher Education Institutions registered in England, and these expectations extend to any institution working in partnership with the OU.

For students registered before 1st September 2015, the regulations under which they originally registered will continue to apply.

For individual students who are either returning to their programme of study after an approved break from their studies or are transferring to a new or different programme, the regulations of the cohort to which they are returning, will apply.

These Regulations will be referenced in the documentation for each validated programme of study or single registerable module, together with any specific requirements from professional, statutory or regulatory bodies and/or local legislation (for non-UK Partner institutions), as agreed in the validation process for the programme.

In addition to these regulations each programme of study or single registerable module will have a relevant Handbook containing procedures and requirements that are specific to that provision.

GLOSSARY

Terminology	Definition
Apprenticeships students	An apprentice is a student aged 16 or over, who must be in paid employment for the duration of their apprenticeship and will combine working with studying for a work-based, academic or combined qualification.
Assessment component	An individual piece of work or a collection of pieces of work that forms a summative assessment.
Assessment element	An assessment element is a piece of work that contributes to an assessment component.
Award	Open University qualification conferred to a student following the successful completion of an approved programme of study.
Compensation	A means of allowing marginal failure in a limited number of modules, within a programme of study, on the basis of an overall performance which is sufficient to merit the award of the qualification concerned. Compensation can be applied to the results of a student who has failed to attain the required pass mark at undergraduate level. This is not available on single registerable modules.
Co-requisite module	A co-requisite module must be studied simultaneously with, or before, another designated module within a programme of study.
Credit	A means of quantifying and recognising learning, expressed as ‘numbers of credits’ at a specific credit level. Within this document it is assumed that one credit represents 10 notional hours of learning (including individual study).

Terminology	Definition
Credit level	An indicator of the relative complexity, depth and autonomy of learning associated with a particular module (used in credit frameworks).
Degree Apprenticeship/Higher Degree Apprenticeship	Higher and degree apprenticeships are available at levels 4 to 7. They combine work with study and may include a work-based, academic or combined qualification or a professional qualification relevant to the industry. Higher apprenticeships go from level 4 to 7 and are equivalent to a foundation degree and above e.g. a professional qualification. Degree apprenticeships are available at levels 6 and 7 (full bachelor's and Masters).
Direct Entry	Exemption to stage of a programme without award of OU credit). Direct entry via stage exemption allows an applicant into Open University validated awards at level 5 or 6 of an undergraduate qualification on the basis of completion of an appropriate certificated qualification from a recognised UK HE programme of study.
Exit award	A lower award than one for which the student is registered. Such an award may be conferred if a student completes part of, but not all, of the requirements of the programme for which they are registered.
Learning outcome	What a learner is expected to know, understand and be able to demonstrate after completing a defined element of study. Learning outcomes features within the programme specification must align with module descriptors.
(The) Office for Students	The *Office for Students* (*OfS*) is the independent regulator of higher education in England.

Terminology	Definition
Module	A self-contained, formally structured, credit-bearing unit of study with explicit learning outcomes. (Some institutions use the word ‘course’ to refer to individual modules.) Modules may combine to make up a full programme of study or may be available for registration as a stand-alone unit of study (see Single Registerable Module below).
Module specification	A document that defines key characteristics of a module, and includes learning outcomes, models of teaching and learning, and assessment schemes.
Partnership Development and Approval Process	The process through which an institution is judged to be a satisfactory environment for the presentation of programmes leading to The Open University validated awards. Approval is conferred for a period of up to five years.
Partner institution	An institution approved by The Open University for the delivery of validated provision that leads to Open University credit or awards.
Partnership Reapproval Process	The process through which an institution is critically reviewed for the purposes of confirming that it continues to meet The Open University’s requirements. Reapproval is conferred for a further period of up to five years.
Pre-requisite module	A pre-requisite module is one that must be successfully completed before progressing to another designated module or stage within a programme of study.
Programme	A schedule of academic study and assessment which leads to an Open University award.
Programme specification	A document that defines key characteristics of an award, including learning outcomes, models of teaching and learning,

Terminology	Definition
	assessment schemes, and how individual modules relate to qualification levels and contribute to the classification of awards.
Progression	The advancement (or progress) by a student from one stage of a programme to an adjacent higher stage. Such progression is the subject of regulations of the University and must be confirmed at a meeting of the Board of Examiners.
Qualification level	One of a series of defined points in the Further and Higher Education Qualification Framework (or Scottish Credit and Qualifications Framework in Scotland). They are numbered in ascending order. Qualifications at the same qualification level share characteristics and require similar achievement.
Quality Assurance Agency (QAA)	The Quality Assurance Agency is the UK higher education sector's independent expert quality body. The Open University complies with the codes of practice defined by the QAA and utilises a range of their guidance including subject benchmarks statements, degree and Masters characteristics statements etc.
Recognition of Prior Learning (RPL)	Assessment of prior learning that has occurred in any of a range of contexts including school, college and university, and/or through life and work experiences. Once recognised through this process, prior learning can be used to gain credit or exemption for qualifications and/or personal and career development. RPL includes Accreditation of Prior Certificated Learning (APCL), Accreditation of Prior Experiential Learning (APEL) and Accreditation of Prior Learning (APL).
Resit	To take again part or all failed assessments component in order to pass a module. Resit of the failed component does not require the student to participate in classes.
Retake	To take all assessments components of a module again, having failed a resit attempt. Retake of the failed component may

Terminology	Definition
	require the student to participate in classes to prepare them for the second attempt.
Single Registerable Module	A module (see above) that is available to be studied for credit without registering onto a full programme of study. These must be part of a validated programme. All single registerable modules must be a minimum of 10 credits.
Stage	A stage of an undergraduate programme is a collection of study consisting of a total of 120 credits. In full-time programmes of study, a stage is equivalent to one year of study. Stages are usually commensurate with a credit level.
Validation	The formal process whereby a new programme of study, which may include single registerable module(s), is critically appraised by The Open University, in order to establish that it meets the requirements for approval. Approval of validated provision is for a period of up to five years before a further validation (re-validation) is required. Within this document references to the validation process also include the revalidation process.
Validated Provision	An umbrella term which refers to any programme of study or single registerable modules that are validated by The Open University.

A. FRAMEWORK OF AWARDS

1.0 General

1.1 The Open University validated provision is defined with reference either to the Framework for Higher Education Qualifications of Degree-Awarding Bodies in England, Wales and Northern Ireland (FHEQ) or to the Scottish Credit and Qualifications Framework (SCQF), but not to both.

1.2 Each qualifications framework sets out generic outcomes and attributes expected for the award of a particular qualification, and the levels of knowledge and understanding and types of abilities that holders of that qualification should have.

2.0 Credit

2.1 The Open University uses a UK credit-based system for its validated provision, and it defines these awards primarily in terms of the qualification level and volume of credit required for each.

2.2 The main determinant for the volume of UK credit is notional learning time. This is defined as the reasonable measure of time it would take a student to achieve the learning outcomes of the activities. Total notional student learning time includes all activities required to achieve the learning outcomes of a programme, including formal study, assessment, and independent learning.

2.3 Notional learning time for a ‘standard’ full-time academic year is 1200 hours at undergraduate qualification level and 1800 hours at postgraduate qualification level. These are intended as benchmarks only, and the actual time students take to achieve the required outcomes may be shorter or longer depending on the knowledge and skills of students at entry and on their rate of progression through the programme, and the impact of any reasonable adjustments made for students with impairments.

2.4 A UK credit value is twice its European Credit Transfer (ECTS) equivalent (e.g. a 20 UK credit module equates to 10 ECTS credits).

2.5 Each module will be assigned a single designated credit level (module assessment is unique to a given credit level). The volume and level of credit assigned to any one module is determined and approved by The Open University at the point of validation.

2.6 The assignment of credit to learning should be understood in the following terms:

(a) Credit is allocated to a learning activity on the basis of its stated learning outcomes.
(b) A student will only be assigned credit after demonstration through assessment of the achievement of the stated learning outcomes. Credit cannot be assigned if no assessment has taken place or if the assessment has not been appropriately conducted.
(c) The number of credit points assigned is independent of the standards (grades awarded). Students achieving higher standards will not be allocated more credit points. The higher standard will be reflected in the grade and classification of the pass.

3.0 Validated Awards offered by The Open University

3.1 The Open University confers the following Validated Awards although Partner institutions do not necessarily offer programmes leading to all of these awards.

Award title	FHEQ Qualification level	Overall number of credits required	Levels of credit required
Professional Certificate	4	60	60 at any UG level
Certificate of Higher Education (CertHE)	4	120	120 at level 4
Diploma of Higher Education (DipHE)	5	240	120 at level 5 120 at level 4
Foundation degree (FD) (including Foundation Degree Arts -FdA, and	5	240	120 at level 5 120 at level 4

Award title	FHEQ Qualification level	Overall number of credits required	Levels of credit required
Foundation Degree in Science -FdSc)			
Ordinary Bachelor's degree (BA, BSc, BEd, BEng) [*Exit Award only*]	6	300	60 at level 6 120 at level 5 120 at level 4
Bachelor's degree with honours (BA(Hons), BSc(Hons), BEd, BEng, BBA, LLB (Hons)[1])	6	360	120 at level 6 120 at level 5 120 at level 4
Bachelor of Music (BMus)*	6	480	At least 120 at Level 6 No more than 120 at Level 4 Remaining credits at Levels 5 or 6
Bachelor of Osteopathy (BOst)	6	480	At least 240 at Level 6 No more than 120 at Level 4 Remaining credits at Levels 5 or 6

[1] *Bachelor's degree titles of BEd and BEd (Hons) are reserved for programmes of teacher education. Initial or pre-service BEd programmes include a substantial element of teaching practice, and the normal credits of such a BEd programme will be 480. The In-service BEd is designed for students who are already qualified and experienced teachers holding a Certificate in Education or equivalent qualification. Minimum credits: 180*

* *These awards have variance in structure and numbers of credits across the sector, as a result the above acts as a guideline on the number of credits which need to be included within the award.*

Award title	FHEQ Qualification level	Overall number of credits required	Levels of credit required
Graduate Certificate (Grad Cert)	6	60	60 at level 6
Graduate Diploma (Grad Dip)	6	120	120 at level 6
Professional Graduate Certificate of Education	6	120	A validated PGCE provision may have only 60 credits at FHEQ level 6, with 60 credits at a lower level. This meets the National Qualifications Framework for this type of qualification and validation is therefore permitted by the University for such qualifications.
Postgraduate Certificate (PgCert)	7	60	60 at level 7
Postgraduate Diploma (PgDip)	7	120	Min 90 at level 7 Max 30 at level 6

Award title	FHEQ Qualification level	Overall number of credits required	Levels of credit required
Masters degree (MA, MSc, MArch, MBA, MTh, MfA[2*] MDes[3*])	7	180	Min 150 at level 7 Max 30 at level 6
Integrated Masters Degree[#] (e.g. MEng)	7	480	See footnote #

3.2 Students must meet all requirements set out in the programme specification approved by The Open University before a qualification is awarded.

Titles and characteristics of Programmes

3.3 A title will be given to an approved programme leading to any taught award and will not be changed without reference to The Open University.

The title will accord with the normal expectations of higher education bodies, relevant professional bodies, students and employers about the level of knowledge and skills to be expected from a person holding such a qualification.

The University recognises four types of honours degrees in named subjects:

A. Subject or field of study degree, for example, BA (Hons)/BSc (Hons) or MA/MSc in Psychology.

---

[*] *These awards have variance in structure and numbers of credits across the sector, as a result the above acts as a guideline on the number of credits which need to be included within the award.*

[*] *As above*

[#] *These awards have variance in structure and number of credits depending on the award. MEng – min 120 credits at L7, min 120 credits at L6, no more than 120 credits at L4 and the remaining credits at L5 or 6.*

B. Major subject or field of study, with a specialist minor (where the minor subject is part of the broad-based field of study that is the major subject of the degree), for example, BA (Hons)/BSc (Hons) or MA/MSc Humanities (Music).
C. Major subject or field of study with a supplementary minor honours subject (where the minor subject is not part of the field of study which is the major subject of the degree), for example, BA (Hons)/BSc (Hons) or MA/MSc Computing with Psychological Studies.
D. Joint degrees in two approximately equally weighted subjects or fields of study, for example, BSc (Hons)/BA (Hons) or MSc/MA Philosophy and Psychological Studies.

The Open University's recommended practice for the programme titles that will appear on certificates is that simple, single-subject titles should be used whenever possible.

Where students study more than one subject, up to three separate fields of study may be identified in the title with or without the addition of 'combined studies'.

3.4 Where awards include named pathways, the University recommends a minimum requirement of 25% subject specific credits. Pathways normally constitute a (**combined) minimum volume of specialised credits** at levels 5 and 6.

Each pathway must demonstrate a coherent set of learning outcomes aligned with the overarching programme outcomes, as demonstrated in the relevant programme specification, and pathway-specific outcomes should reflect distinctive knowledge or skills that differentiate one pathway from another. Programme specifications must clearly identify the modules that contribute to each named pathway and each exit award.

B. ADMISSIONS

Students registering for programmes leading to awards of The Open University must have satisfied the admissions criteria approved by The Open University at validation.

4.0 Admissions policy and procedure

Lincoln College operates its Admissions Policy, which outlines the processes and procedures in place for managing HE student applications and enrolling students onto HE programmes at the College. Sections 6 and 7 of the policy detail transparent entry requirements, application handling, selection, offer decisions, and enrolment.

The policy is available to access via the College website:
Admissions Policy

4.1 This policy should also be read in conjunction with guidance contained in section 22 covering the Recognition of Prior Learning.

5.0 Appeals and complaints regarding the admissions process

5.1 Appeals against a decision not to admit an applicant to study for Open University validated provision are restricted to those that cite irregularity in the decision-making process (for example, failure to make a reasonable adjustment relating to a disability). The process for arbitrating such appeals is that which has been approved at Partnership Development Approval Process/ Partner Reapproval Process. Such appeals must be initiated within four weeks of the date of the original decision.

Lincoln College operates procedures for appeals and complaints relating to admissions. Section 17 of the Admissions Policy sets out the process for applicants or students who wish to appeal an admissions decision, ensuring fairness and transparency. Applicants who wish to raise a complaint about the admissions process are directed to the College's Student Complaints and Grievance Procedure, which provides a clear and accessible route for resolving concerns.

Both documents are available via the College website:

Admission Policy

Student Complaints and Grievance Procedure

C. MATTERS RELATING TO REGISTRATION

6.0 General

6.1 A student who is admitted for study on OU validated provision must be registered with the partner institution.

6.2 The partner institution will submit student name and contact details to The Open University solely for the purposes of recording student details and progression information. By registering with a Partner leading to an Open University validated award or credit, the student agrees to the sharing of their information with The Open University for this purpose. The Open University will not make any contact with students unless there is a specific need in relation to their studies towards an OU validated award or credit. It is the student's responsibility to keep their personal information up to date with their institution and to notify them of any changes or errors.

7.0 Period of registration for Open University validated provision

7.1 The period of registration will commence on the date the student registers on a single registerable module or programme.

7.2 The minimum and maximum periods within which a student will be expected to complete the single registerable module or programme of study and associated assessment, including the time period for any resit assessments, are stated in the box below.

The duration of each programme is specified in the 'Study Details' section of the relevant course page on the Lincoln College website: **Study at the Lincoln College University Centre**

The maximum registration period for completion of an award is normally three years longer than the standard period of study stated in the Programme Specification. For example, a three-year full-time Bachelor's degree must be completed within six years. For part-time students, the maximum period is the planned duration of the programme plus three additional years. These limits include all reassessment periods.

Please note that Student Loan Company regulations may impose different funding timeframes, which applicants should consider separately.

7.3 Subject to paragraph 7.5 below, a student undertaking a programme will remain registered for the maximum period of the award or until they have achieved the award, or the registration has been terminated, whichever comes first.

7.4 The period of registration may be extended if:

(a) the student has had to resit or retake parts of their programme of study, see Section D;
(b) the student has been unable to study or complete a year of study due to extenuating circumstances, see Section F;
(c) the student has been given permission to take a study break as described in Section 8 below.

7.5 A student's registration may be terminated if the student has:

(a) committed a serious disciplinary offence or be deemed as unfit to study;
(b) exhausted all opportunities to remedy failure or has made insufficient progress through their programme of study at the required stage;
(c) formally notified the institution that they wish to discontinue their studies and so discontinue their programme;
(d) failed to comply with their financial commitment to the partner institution.

For more information, please see Section D.

Lincoln College operates a Fitness to Practise Procedure to ensure fairness and transparency, which sets out circumstances that may lead to the termination of a student's registration and the processes for notifying students. Additional terms governing registration and conduct are detailed in the HE Terms and Conditions of Registration.

Both documents are available via the website:
Fitness to Practise Procedure
HE Terms and Conditions

7.6 The date of termination recognised by The Open University will be taken as the date on which a partner institution records the student's registration as terminated.

8.0 Interruption of studies

8.1 A student on a programme may apply, or be required, to take a study break for a maximum period of twelve consecutive months under the agreed procedure for reasons of ill health or other extenuating circumstances (see Section F). This may

be extended in exceptional circumstances as agreed between The Open University and the partner institution.

8.2 A student on a single registerable module may apply, or be required, to take a study break for a maximum period of one third of the duration of the module under the agreed procedures for reasons of ill health or other exceptional circumstances (see Section F). This may be extended in exceptional circumstances as agreed between The Open University and the partner institution.

9.0 Attendance requirement

Lincoln College operates its policies on attendance, engagement, and active study. Whilst 100% attendance is desirable, it is recognised that illness, work, or family commitments may occasionally prevent attendance. In such cases, students are expected to notify their tutor promptly and take responsibility for catching up on missed work. Full details of attendance expectations and engagement requirements are provided in the HE Course Handbook, issued during enrolment and induction and are available electronically via Canvas.

The Attendance and Punctuality Policy is available to access via the College website:
Attendance and Punctuality

Where concerns arise about attendance impacting academic progress, the Student Conduct Procedure (Higher Education) may be initiated. The policy is available to access via the College website:
Student Conduct Procedure

For programmes accredited by professional bodies, specific attendance requirements are detailed in the relevant course and module specifications.

D. ASSESSMENT, PROGRESSION, AND AWARD OF CREDIT

10.0 The forms of assessment and its weighting and timing, and the ways in which the learning outcomes are to be demonstrated through assessment, are set out in the module and programme specifications approved by The Open University at the point of validation.

10.1 Each programme handbook contains comprehensive details of the assessment scheme as approved by The Open University in the validation process.

11.0 Minimum requirements for pass

11.1 To obtain an Open University award or credit, students are required to complete all parts of the validated provision's approved assessment and comply with all regulations relating to their study.

11.2 The minimum aggregate pass marks for The Open University validated awards are:

40% for undergraduate programmes
50% for postgraduate programmes.

These minima may apply to assessment elements as stated in the wording of the module specifications, but will apply to modules, stages and qualifications.

12.0 Identification of requirements from professional, statutory and regulatory bodies

12.1 Additional academic regulations required by any professional, statutory or recognised regulatory body will be set out in the relevant programme specification and approved by The Open University in the validation process.

13.0 Submission of assessed work

13.1 Work submitted for a summative assessment component cannot be amended after submission or re-submitted.

13.2 Student requests for extensions to assessment deadlines will not be approved unless made in accordance with published partner institution guidelines as approved by The Open University.

13.3 Where coursework is submitted late and there are no accepted extenuating circumstances it will be penalised in line with the following tariff:

Submission within 6 working days: a 10% reduction deducted from the overall marked score for each working day late, down to the 40% pass mark (for UG) and 50% pass Mark (PG awards) and no further.

Submission that is late by 7 or more working days: submission refused, mark of 0.

A working day is defined by the partner and submission after the deadline will be assumed to be the next working day.

Students who fail to submit work for assessments or attend examinations shall be deemed to have failed the assessments components concerned and will be marked as 0.

14.0 Assessment scores

14.1 All undergraduate assessment will be marked on a percentage scale of 0-100.

% Scale Score	Performance Standard
70+	Excellent pass
60-69	Very Good pass
50-59	Good Pass
40-49	Pass
0-39	Fail

14.2 All postgraduate assessment will be marked on a percentage scale of 0-100. Taught postgraduate awards may include merit and/or distinction classification (see paragraph 18.1).

% Scale Score	Performance Standard
70+	Distinction
60-69	Merit
50-59	Pass
0-49	Fail

14.3 The final grade for an individual assessment component will be determined after completion of a quality assurance process (e.g. moderation, remarking) as detailed in the partner institution's OU approved policy for moderation.

14.4 Where the result of the overall assessment calculation creates a mark of 0.5% or greater, this will be rounded up to the next full percentage point (e.g. 69.5% is rounded to 70%; 59.5% to 60%; and so on). Where the calculation creates a mark below 0.5%, this will be rounded down to the next full percentage point (e.g. 69.4%

is rounded to 69%; 59.4% to 59%; and so on). For the purposes of rounding up or down, only the first decimal place is used.

Lincoln College operates a moderation process, which sets out the arrangements for verifying assessment decisions to ensure fairness and consistency. The process includes procedures for second marking, anonymous marking, and clear steps for resolving discrepancies between first and second markers.

Full details are available on the College website:
HE Moderation

15.0 Determining module outcomes

15.1 The overall module mark shall be determined as per the assessment strategy detailed in the module specification and published in the relevant Handbook.

15.2 A student who passes a module shall be awarded the credit for that module. The amount of credit for each module shall be set out in the module specification and published in the relevant Handbook.

15.3 In order to pass a module a student must achieve the requirement of the module as set out in the module specification and published in the relevant Handbook.

15.4 Where a student is registered only for a single registerable module the resit provisions set out in 17.3 will apply.

16.0 Provision for viva voce examination

16.1 Exceptionally, viva voce examinations may be required by a Board of Examiners (with the approval of external examiners):

(a) to confirm the progression/result status of a student;
(b) to determine the result status of unusual or borderline cases;
(c) when there is conflicting evidence from the various assessment components;
(d) as an alternative or additional assessment in cases where poor performance in assessment is the result of exceptional circumstances verified through due processes.

17.0 Determining progression and qualification outcomes

17.1 Module prerequisites and co-requisites

17.1.1 The paths through which students are required to progress through the programme in order to obtain an award, and the elements identified as compulsory or optional, are set out in the programme specification and approved in the programme validation process.

17.1.2 Progression through any programmes offered by partner institutions may require students to complete prerequisite or co-requisite modules which are set out in the programme specification and approved during the validation process.

17.2 Stage requirements

17.2.1 Each of the stages of an undergraduate programme is expected to consist of a total of 120 credits, as set out in the relevant programme specification.

17.2.2 In cases where Programmes are not divided into stages (for example, most postgraduate programmes and undergraduate programmes of 120 credits or less) the provisions below apply to the whole programme.

17.2.3 In order to complete and pass a stage of a programme, a student must normally acquire the total number of credits set out in the programme specification at the approved qualification level for the award. Exceptions are restricted to those detailed in paragraph 17.5.3 below or have been exempted through advanced standing, or through the implementation of the processes covering extenuating circumstances (see Section F).

17.2.4 The credit value of each module contributing to a stage determines its weighting in the aggregation of credit for a stage.

17.2.5 Where a student fails a module, the following may apply in the first instance:

(i) Compensation (see 17.4 below) – the award of credit by the Board of Examiners for a failed module(s) on account of good performance in other modules at the same credit level where the learning outcomes have been met. (NB compensation is not permitted for single registerable modules).

(ii) Resit (see 17.3 below) – a second attempt of an assessment component within a module, following failure at first attempt.

(iii) Retake – a second attempt of all assessment components within a module following failure at the first or resit attempt. Retake of the failed component may require the student to participate in classes to prepare them for the second attempt. This will be confirmed at the Examination Board.

17.3 **Resit provision**

The board of examiners may, at its discretion, make such special arrangements as it deems appropriate in cases where it is not practicable for students to be reassessed in the same elements and by the same methods as at the first attempt. However, where a validated programme or single registerable module is discontinued, provision has to be made to ensure fair assessment opportunities for all students who have been enrolled.

17.3.1 All resit provision is subject to all the following conditions:

(a) A student may resit the failed assessment components of a module only once. Where there are extenuating circumstances, the Board of Examiners has discretion to decide whether a further assessment opportunity shall be permitted, unless explicitly prohibited in the rules for the programme, as approved in the validation process and programme specification.

(b) A student who does not complete the resit by the date specified shall not progress on the programme, except in cases where the process for allowing extenuating circumstances has been followed.

(c) Resits can only take place after the meeting of the Board of Examiners or following agreement by the Chair and the External Examiner of the Board.

(d) A student who successfully completes any required resits within a module shall be awarded the credit for the module and the result for the individual assessment component capped at the minimum pass mark for the module.

(e) A student shall not be permitted to be reassessed by resit in any module that has received a pass mark, or in a component that has received a mark of 40% or above at UG level, or 50% at PG level.

(f) The resit will normally be carried out by the same combination of written examination, coursework, etc. as in the first attempt.

17.4 Compensation for marginal failure

17.4.1 Unless otherwise stated in the approved programme specification (as a result of regulatory requirements), compensation will be applied at stage level and agreed during an examination board when the following conditions are met:

(a) No more than 20 credits can be compensated in any one stage of an undergraduate or postgraduate programme.

(b) Compensation is not permitted for modules within awards of less than 120 credits in total and not for single registerable modules where all assessments and learning outcomes must be met.

(c) Examination boards should assure themselves that learning outcomes of the qualification level have been satisfied. The process for evaluating cases will be identified in the programme specification.

(d) A minimum mark of no more than 5 percentage points below the module pass mark has been achieved in the module to be compensated.

(e) Taking the module mark to be compensated into account, an aggregate mark of 40% has been achieved for the qualification level of the undergraduate programme (except in the case of MEng Level 7 where an aggregate mark of 50% has been achieved).

(f) In the case of postgraduate programmes, taking the module mark to be compensated into account, an aggregate mark of 50% has been achieved.

(g) No compensation shall be permitted for any core project/dissertation/capstone module, as defined in the programme specification.

(h) PSRB requirements may exempt certain modules from compensation – this will be articulated in the programme specifications.

A student who receives a compensated pass in a module shall be awarded the credit for the module. The original component mark(s) (i.e. below the pass mark) shall be retained in the record of marks and used in the calculation of the aggregate mark for the stage or qualification.

17.5 **Options for the retake of study**

17.5.1 If, having exhausted all permitted compensation, resit, and retake opportunities, and a student is still unable to pass, the Board of Examiners may, at its discretion, permit one of the following repeat options:

(a) Partial retake as fully registered student:

(i) The student is not permitted to progress to the next stage of the programme but must retake the failed modules and/or components in full during the following academic year,

(ii) The student has full access to all facilities and support for the modules and/or components being retaken,

(iii) The marks that can be achieved for the modules and/or components being retaken will be capped (uncapped if extenuating circumstances have been approved) at the module and/or component pass marks,

(iv) The student retains the marks for the modules and/or components already passed,

(v) No further resit opportunities are permitted.

(b) Partial retake for assessment only:

(i) As in paragraph 17.5.1(a) except that access to facilities and support will be limited to certain learning resources for the module(s) and/or component(s) being retaken. Participation will only be allowed for relevant revision sessions and assessments.

(c) Full retake:

(i) This is only permitted where the student has extenuating circumstances;

(ii) The student does not progress to the next stage of the programme but instead repeats all the modules in the current stage during the following academic year;

(iii) The student has full access to all facilities and support;

(iv) The marks that can be achieved are not capped, and the student is normally entitled to the resit opportunities available. However, a student is not able to carry forward any credit from previous attempts at the stage.

17.5.2 Where compensation, resit, and retake opportunities have been exhausted, a Board of Examiners may recommend a student for an exit award as defined in Section 20 below, providing sufficient credit is accrued.

17.5.3 With the approval of the Board of Examiners students may be eligible to progress to a higher stage of a programme without having completed the requisite 120 points of the lower stage. They may (exceptionally) be allowed to do so if any of the following conditions are met:

(a) A minimum of 60 credit points at the lower level have been successfully completed including passes in all designated core modules;

(b) All requirements for academic prerequisites for the higher-level modules are met;

(c) The Examination board have approved progression following a successful application for extenuating circumstances, and results are still pending in the student's profile.

17.5.4 Institutions that offer a rolling entry system for qualifications with a high study intensity may find that the timings of examination boards do not coincide with those institutions that offer programmes within the traditional academic year. Under such circumstances, students are provisionally allowed to progress on the programmes, with the recommendation deferred until the next Board of Examiners which must be held within twelve calendar weeks. At which point the student's full profile will be considered and a formal recommendation for progression will be made (if applicable).

18.0 Grading and Classification Awards except Bachelor Honours Degrees

18.1 Validated taught awards, including Masters degrees, consisting of at least 120 credits at FHEQ level 4 (SCQF 7 for Scotland) or above may be awarded with Merit or Distinction with the exception of ordinary and honours degrees where the award of Merit or Distinction will not apply.

18.2 For the award of Distinction, the overall aggregate mark will be 70% or above.

18.3 For the award of Merit, the overall aggregate mark will be 60% - 69%.

18.4 Where the final result of the award classification calculation creates a mark of 0.5% or greater this will be rounded up to the next full percentage point (e.g. 69.5% is rounded to 70%; 59.5% to 60%; and so on).

Where the calculation creates a mark below 0.5% this will be rounded down to the next full percentage point (e.g. 69.4% is rounded to 69%; 59.4% to 59%; and so on). For the purposes of rounding up or down, only the first decimal place is used:

18.5 Calculation of a Foundation Degree (including FdA and FdSc) will be based on the average mark across all modules within Stage 2 (usually Credit Level 5) and Stage 1 (usually Credit level 4) unless the requirements of a Professional, Statutory and Regulatory Body (PSRB) state otherwise.

18.6 Calculation of a DipHE will be based on the average mark across all modules within Stage 2 (usually Credit Level 5) and Stage 1 (usually Credit level 4) unless the requirements of a Professional, Statutory and Regulatory Body (PSRB) state otherwise.

18.6 Calculation of a CertHE will be based on the average mark across all modules within Stage 1 (usually Credit Level 4) unless the requirements of a Professional, Statutory and Regulatory Body (PSRB) state otherwise.

18.7 Calculation of Masters Degrees, with the exception of Integrated Masters degrees, will be based on the average mark across all modules within a programme unless the requirements of a Professional, Statutory and Regulatory Body (PSRB) state otherwise.

18.8 Calculation of Integrated Masters degrees will be based on the average of all Level 6 and Level 7 modules, weighed 50/50 respectively.

18.9 The award of PgCERT cannot be awarded with Merit.

18.10 Credit from single registerable modules is not issued with a classification but will be graded on the transcript.

19.0 Bachelor Honours Degree Classification

19.1 Classification of bachelor degrees will be based on the average mark across all modules within Stage 3 (usually Credit Level 6) and Stage 2 (usually Credit Level 5) at a ratio of 2:1 respectively unless the requirements of a Professional, Statutory and Regulatory Body (PSRB) state otherwise.

19.2 Honours degrees are classified as:

First class	Aggregate mark of 70% or above
Upper Second class	Aggregate mark between 60% and 69%
Lower Second class	Aggregate mark between 50% and 59%
Third class	Aggregate mark between 40% and 49%

19.3 Where students have directly entered a Qualification Level 6 top-up award (e.g. having previously undertaken a Higher National Diploma (HND) or Foundation Degree (FD) award) the calculation for the honours classification will be based solely on all credits at Credit Level 6.

19.4 Performance in work for which an award of credit for prior learning has been made is not taken into account in the calculation of the final award. See section 22 for rules related to credit for prior learning.

19.5 Where the final result of the award classification calculation creates a mark of 0.5% or greater this will be rounded up to the next full percentage point (e.g. 69.5% is rounded to 70%; 59.5% to 60%; and so on). Where the calculation creates a mark below 0.5% this will be rounded down to the next full percentage point (e.g. 69.4% is rounded to 69%; 59.4% to 59%; and so on). For the purposes of rounding up or down, only the first decimal place is used.

20.0 Provision for exit awards

20.1 Programmes must make provision for exit awards at intermediate stages, for which clear learning outcomes must be stated and laid out in programme specifications approved by The Open University in the validation process. Exit awards cannot be conferred with merit and distinction classifications. 20.2 Where a student leaves a partner Institution with an exit award they may reapply at a later date to upgrade to a higher award on the same programme if it is still offered by the partner institution.

20.3 A student who has withdrawn from a programme or has exhausted all assessment attempts (as outline in sections 17.3-17.5.2 above) will automatically be considered for an exit award where sufficient credit has been accrued.

20.4 Named pathways must comprise a (combined) minimum of 25% of specialised credits at Levels 5 and 6. Programme specifications must clearly identify the modules that contribute to each named pathway and each exit award.

21.0 Posthumous and Aegrotat awards

21.1 Should a student be prevented by illness, or other circumstances, from completing the final assessed component of the programme, the board of examiners, having considered the relevant evidence (including medical certification) may make a recommendation that an Aegrotat award be made. Such exceptions are limited to students who are permanently unable to continue their studies and are registered for the final module that would complete a qualification and have been assessed on at least part of the module. The board must be satisfied that the student's prior performance shows beyond reasonable doubt that they would have passed but for the illness, or other circumstances.

21.2 The Open University may award an Aegrotat qualification on the presumption that the student would have satisfied the standard required for the award had they been able to continue. Aegrotats are only awarded at qualification level (e.g. Certificate of Higher Education, Diploma of Higher Education, BA or BSc Undergraduate Degree, Postgraduate Certificate, Postgraduate Diploma, MA, or MSc Postgraduate Degree etc.) The Open University takes a holistic view of the student’s academic record and will consider them for the next qualification they are progressing towards. This will include any available interim qualifications.

22.0 Recognition of prior learning

Lincoln College operates a Recognition of Prior Learning (RPL) Policy, which sets out the principles and processes for assessing prior certificated and experiential learning. Students are encouraged to apply for RPL during the admissions process to ensure accurate calculation of any fee remission and timely updates to their student record.

Full details are available on the College website:
Recognition of Prior Learning

22.1 Students who are able to demonstrate that they have already fulfilled some of the learning outcomes of the programme by means other than attendance on the planned programme, and will be able, by completing the remaining requirements, to fulfil the learning outcomes of the programme and attain the standard required for the award, may be admitted with advanced standing, thus exempting them from some modules or stages of the programme.

If the student's prior learning is not certificated, the partner institution itself will assess the student's learning directly, either by requiring the applicant to take the normal progression assessments of the programme or by some other appropriate form of assessment. This will be laid out in the Recognition of Prior Learning (RPL) policy and procedure as approved by OU at Partnership development and Approval or the Partnership Reapproval Process.

22.2 A student admitted on the basis of uncertificated learning and experience or through prior certified learning is subject to the same principles of admission as all other students on that programme. Subject to the requirements of any Professional, Statutory and Regulatory Body (PSRB) requirements the partner institution has discretion to admit a student with exemption from certain elements of the programme or with specific credit.

22.3 A student may be awarded recognition for prior learning (certified, experiential or uncertified), towards the requirements of a named award up two-thirds* of the total credit requirements for that award.

22.4 Recognition for prior learning (certified, experiential or uncertified) is not permitted at level 6 of a Bachelor's Degree or for the thesis/dissertation module, where students are expected to complete 120 credits in order to gain the award.

22.5 Recognition for prior learning (certified, experiential or uncertified) is not permitted for the thesis/dissertation module on a PG programme.

22.6 The Partner Institution will be satisfied that an individual applicant has fulfilled some of the progression and assessment requirements of the programme by means other than attendance on the planned programme and will be able by completing the remaining requirements to fulfil the learning outcomes of the programme and attain the standard required for the award, that student may be admitted to an appropriate point in the programme.

22.7 In relation to programme admission, single registerable modules are not considered to be RPL where they are listed on the relevant programme specification as being part of that programme.

22.8 DIRECT ENTRY VIA STAGE EXEMPTION (exemption to stage of a programme without award of OU credit)

22.8.1 The RPL policy allows for candidates to enter stage 2 or stage 3 of an undergraduate qualification on the basis of completion of an appropriate certificated qualification from a recognised UK HE programme of study.

22.8.2 With stage exemption of this kind, it will be recorded on the student's transcript that stage exemption was awarded, but credit for the stage(s) from which the student was exempted would not be transferred to OU validated awards.

**Two-thirds of RPL is only permitted for full, three-year bachelor's degrees (360 credits) or full Masters degrees (a minimum of 180 credits) and not sub-awards, where the usual maximum is 50%.*

E. ACADEMIC MISCONDUCT

23.0 Academic misconduct is defined as any improper activity or behaviour by a student which may give that student, or another student, an unpermitted academic advantage in a summative assessment. In investigating and dealing with cases of suspected misconduct, partner institutions will follow the policies and processes approved at Partnership Development and Approval/Partnership Reapproval process. Any penalties arising from academic misconduct will be levied in line with the AMBeR Tariff (see section 23.4 below).

23.1 The following is a non-exhaustive list of examples of academic misconduct which will be considered under these Regulations:

23.1.1 Plagiarism: representing another person's work or ideas as one's own, for example by failing to follow convention in acknowledging sources, use of quotation marks, etc. This includes the unauthorised use of one student's work by another student and the commissioning, purchase and submission of a piece of work, in part or whole, as the student's own.

Note: Where a student has an acknowledged learning disability, a proof-reader may be used to ensure that the student's meaning is not misunderstood as a result of the quality and standard of writing, unless a partner institution policy specifically prohibits this. Where permitted, a proof-reader may identify spelling and basic grammatical errors. Inaccuracies in academic content should not be corrected nor should the structure of the piece of work be changed.

23.1.2 Collusion: cooperation in order to gain an unpermitted advantage. This may occur where students have consciously colluded on a piece of work, in part or whole, and passed it off as their own individual efforts or where one student has authorised another to use their work, in part or whole, and to submit it as their own.

Note: Legitimate input from tutors or approved readers or scribes is not considered to be collusion.

23.1.3 Misconduct in examinations (including in-class tests).

23.1.4 Processes for dealing with Academic misconduct and the penalties.

Lincoln College operates an Academic Misconduct Policy (Higher Education Students), which outlines procedures for managing academic irregularities, including plagiarism, collusion, and misconduct in examinations. The policy incorporates the AMBeR Tariff to ensure consistent and proportionate penalties across all cases.

Full details are available on the College website:

Academic Misconduct Policy

Artificial Intelligence Policy

F. EXTENUATING CIRCUMSTANCES

24.0 The Open University recognises that students may suffer from a sudden illness, or other serious and unforeseen event or set of circumstances, which adversely affects their ability to complete an assessment, or the results they obtain for an assessment. In such cases the partner institution's extenuating circumstances procedures will be applied, as approved at Partnership Reapproval.

24.1 A student who is prevented from attending or completing a formal assessment component or who feels that their performance would be (or has been) seriously impaired by extenuating circumstances, may submit a deferral request. Further information is available from the partner institution.

Lincoln College operates a Mitigating and Exceptional Circumstances Procedure, which outlines the process for students whose assessment performance has been adversely affected by unforeseen events. Applications must be submitted within the published timelines (no later than 10 working days after the affected assessment).

Full guidance is available on the College website:
Guidelines
Mitigating Circumstances Application
Exceptional Circumstances Application

Application forms are also accessible via the HE Hub on the student's Canvas VLE page.

24.2 Students are responsible for ensuring that the partner institution is notified of any extenuating circumstances at the time they occur and for supplying supporting documentation by the published deadline.

24.3 If a student is unable to attend an examination or other assessment event because of extenuating circumstances, they must inform the Partner institution as soon as possible and provide supporting evidence before published deadlines or within 7 calendar days, whichever is sooner. If a student cannot submit evidence by

published deadlines, they must submit details of the extenuating circumstances with an indication that evidence will be submitted within 7 calendar days.

24.4 Medical evidence submitted in support of a claim for extenuating circumstances should be provided by a qualified medical practitioner.

24.5 The partner institution will verify the authenticity of any evidence submitted. 24.6 Upon receipt of recommendations from the panel or body responsible for investigating extenuating circumstances, the Board of Examiners, or its subsidiary board, will decide whether to:

(a) provide a student with the opportunity to take the affected assessment(s) as if for the first time, allowing them to be given the full marks achieved for the examination or assessment, rather than imposing a cap;

(b) waive late submission penalties;

(c) determine that there is sufficient evidence of the achievement of the intended learning outcomes from other pieces of assessment in the module(s) for an overall mark to be derived;

(d) note the accepted extenuation for the module(s) and recommend that it is taken into account at the point of award and classification.

24.7 The Board of Examiners, depending on the circumstances, may exercise discretion in deciding on the particular form any reassessment should take. Options are a viva voce examination, additional assessment tasks designed to show whether the student has satisfied the programme learning outcomes, review of previous work, or normal assessment at the next available opportunity. The student will not be put in a position of unfair advantage or disadvantage: the aim will be to enable the student to be assessed on equal terms with their cohort.

24.8 If a student fails, without good cause, to provide the responsible body with information about extenuating circumstances within the timescales specified in the partner institution policy, the responsible body has authority to reject the request on those grounds.

G. BOARDS OF EXAMINERS

25.0 Appointment of Boards of Examiners

25.1 For all validated provision of The Open University there will be a Board of Examiners whose constitution (including a note of those members constituting a quorum) and terms of reference as approved at the Partnership Development and Approval Process or the Partnership Reapproval Process.

25.2 In the case of large modular programmes, there may be subsidiary boards with designated responsibility for a cognate group of units or subjects. Where this is the case, the relative responsibilities, powers and terms of reference of the different boards will have been approved by The Open University (as part of the Partnership Development and Approval Process or the Partnership Reapproval Process).

25.3 External Examiners are appointed by, and report to The Open University. The terms under which they engage with the partner institution and the programmes and / or modules to which they are appointed are those determined by The Open University.

26.0 Membership of Boards of Examiners

26.1 The Academic Board (or equivalent body) of the partner institution is required to agree the membership of Boards of Examiners, at the start of each academic year.

26.2 All External Examiner(s) for the programme/subject area will be members of the board. Where institutions operate a tiered board structure/subsidiary boards and have many External Examiners appointed, the Chief External Examiner(s) only will be required to be members of the board where recommendations for awards to the relevant University authority responsible for conferring validated awards on behalf of the Open University are made.

26.3 Under no circumstances may a student of a partner institution of The Open University or student studying for an award of The Open University may be a member of, or attend, a Board of Examiners. A person who is otherwise qualified to be an internal examiner for a programme, for example as a member of academic staff or as an approved External Examiner and is coincidentally registered as a student on another programme either at the same institution or elsewhere, will not be disqualified from carrying out normal examining commitments.

26.4 The Chair of the Board of Examiners will be a senior member of staff, commonly a Head of Department, Dean of Faculty or their nominee, and not directly involved in the delivery of the programme/subject area or the assessment of students in the programme or subject area considered by the Board of Examiners.

26.5 The Registrar (or equivalent) or a nominee at the partner institution – acting with the authority of the Academic Board – should normally be appointed as Secretary to the Board of Examiners.

26.6 A member of The Open University staff must be present at any Examination Board where final decisions on recommendations for an Open University award or completed single registerable modules is made and where decisions about progression are made. Although not normal practice The Open University reserves the right to Chair the Board of Examiners or any subsidiary boards.

Lincoln College operates its Board of Examiners, defining the purpose, membership, and operating procedures for Boards of Examiners across all Higher Education programmes. The policy also details quorum requirements, conflict of interest declarations, and adherence to validating body regulations, ensuring robust governance and compliance with awarding body standards.

Membership is presented by role rather than named individuals and includes:

1. Chair – Assistant Principal (Higher Education)
2. Secretary / Registry – HE Senior Administrator
3. Quality Representative – Director of Performance and Standards or nominee
4. Curriculum Manager(s) – Assistant Principal / Curriculum Lead
5. Programme Lead(s) – For the award(s) under consideration
6. Module Leaders – As appropriate
7. External Examiners – For relevant subject areas

Full details are provided on the College website:

Board of Examiners

27.0 Authority of Boards of Examiners

27.1 The Board of Examiners is authorised to determine the progression of students in accordance with these academic regulations and to recommend progression or the conferment of validated awards of The Open University.

27.2 All progression and award recommendations related to validated provision are made to the relevant University authority responsible for conferring validated awards on behalf of the Open University to ratify. The Panel is responsible for approving recommendations for module results and the award and Classification of qualifications (including partner institutions).

27.3 All decisions related to a student's progression, final results, and awards, will be approved by a properly constituted Board of Examiners.

27.4 No other body has authority to recommend conferment of an award or progression, nor to amend the decision of an approved and properly constituted Board of Examiners acting within its terms of reference and in accordance with the regulations for the programme of study. A Board of Examiners may, however, be required to review a decision, or may have that decision annulled under the Academic Appeals procedure.

28.0 Subsidiary Boards of Examiners

28.1 Any subsidiary board of examiners (with designated responsibility for a cognate group of units or subjects) will include all approved subject-based or cognate group External Examiners.

28.2 The rights and duties of External Examiners on subsidiary boards are the same as those of External Examiners on the parent board except that the subsidiary board of examiners only makes recommendations to the parent board.

28.3 Subsidiary boards will exercise responsibility for assessing students' grades but will not make decisions on progression or awards. These will remain the responsibility of the parent Board of Examiners.

28.4 Once a subsidiary board has reviewed marks or grades for a student a recommendation is made to the parent board over these grades. However, the parent board retains the authority to reach its own conclusion on the overall performance and grading of each student. While a subsidiary board will be charged

with recommending arrangements for reassessment of a failed student, only the parent board – having reviewed the failed assessment component and determined a student's right to retrieve – can approve the reassessment arrangements.

29.0 Conditions of conferment by The Open University

29.1 The OU may approve conferment of a completed single registerable module or validated award when the following conditions are satisfied:

(a) The student has been a registered student at a partner institution at the time of the assessment for an award / single registerable module and the appropriate fee to The Open University has been paid by the institution.

(b) Details of the student's full name, full postal address, email address, telephone numbers, date of birth, gender, programme of study, award and all required information have been forwarded to The Open University.

(c) The institution at which the student has been registered has confirmed that the student has completed a single registerable module or a programme of study approved by The Open University as leading to the award being recommended.

(d) The award has been recommended by a Board of Examiners convened, constituted, and acting under regulations approved by The Open University and including all members appointed by The Open University as External Examiners for the programme.

(e) The recommendation of the award has been signed by the Chair of the Board of Examiners, the External Examiners and The Open University's representative at the Board of Examiners, confirming that the assessments have been carried out in accordance with the requirements of The Open University and that the recommendations have received the written approval of the External Examiners.

H. ACADEMIC APPEALS AND COMPLAINTS

30.0 Grounds for Academic appeal

30.1 There shall be no academic appeal against an assessment result determined in accordance with paragraph 15.1 above, except on the grounds that the approved policy for moderation has not been followed.

30.2 A student may submit an academic appeal against a decision of a Board of Examiners made under section G 27 and 28 above, only if one or more of the following grounds apply:

(a) Where the student provides written evidence in support of a claim that performance in the assessment was adversely affected by extenuating circumstances which the student was unable or, for valid reasons, unwilling to divulge before the Board of Examiners reached its decision; or

(b) Where there is prima facie evidence, whether provided by the student or otherwise, that:

(i) there has been a material administrative error; or

(ii) the examinations or other assessments were not conducted in accordance with the regulations for the programme and/or special arrangements formally agreed; or

(iii) some other material irregularity relevant to the Board of Examiner's decision has occurred.

30.3 Disagreement with the academic judgement of a Board of Examiners cannot constitute grounds for an academic appeal.

30.4 An academic appeal must be made within the time limits and in the manner prescribed in the partner institution's approved appeals procedure set out in paragraph 32 below.

30.5 A formal complaint is an expression of dissatisfaction with a service provided or the lack of a service. It must relate to services that students were led to believe would be provided. Students should refer to procedures set out in paragraph 31 below.

30.6 Where a student raises a matter of concern that does not meet the grounds for an academic appeal highlighted above, the matter may be dealt with as a formal

complaint. In the event that a complaint is upheld, where there is no right of appeal, an assessment result or a decision of a Board of Examiners cannot be changed.

31.0 Academic Appeals and Complaints procedures

Lincoln College operates its procedures for Academic Appeals and Student Complaints, ensuring fairness and transparency. The Student Complaint and Grievance Procedure provides guidance for students wishing to raise formal complaints about any aspect of their experience.

The Appeals Panel Policy sets out the process for academic appeals, including timelines, grounds for appeal, and the steps for review. Where a procedural irregularity is established, appropriate remedies are applied in accordance with OU regulations.

Both documents are available on the College website:
Student Complaints and Grievance Procedure
Appeals Panel Policy

32.0 Action following academic appeal procedures

32.1 The student will be sent a written statement setting out the decision that has been made and the reasons for reaching that decision, together with any actions required by the student or the partner institution to follow up and implement that decision. Partner institutions will align to Office of the Independent Adjudicator (OIA) timelines. The written statement will also include details of any further right of appeal available to the student if they remain dissatisfied with the final outcome of the institution's procedures. This will include, where applicable, the right to request a review by The Open University under paragraph 33 below.

33.0 Requesting a Review to The Open University

33.1 If a student is dissatisfied with the outcome of their academic appeal, they may request a review by The Open University only if the request for a review is against a decision related to either:

(a) progression from one stage to another of the programme to the next; or

(b) a final award; or

(c) an assessment

and both of the following criteria are met:

(a) all appropriate internal procedures at the partner institution have been exhausted;

(b) there are reasonable grounds to believe that the partner institution's internal procedures and regulations for dealing with the academic appeal were not implemented correctly or fairly.

The procedure for requesting an appeal to The Open University is set out in The Open University Handbook for Validated Awards which students should have access to through the partner institution.

I. TRANSCRIPTS, DIPLOMA SUPPLEMENTS, AND CERTIFICATES

34.0 Transcript

34.1 The transcript is produced by the partner institution and provides a comprehensible verifiable record of a student's learning. The standard content of a transcript is listed in Appendix 1 of these Regulations.

34.2 The transcript is issued to the student after each stage of their programme is completed.

34.3 If a student has completed only a part of a programme of study or a single registerable module, without fulfilling the full requirements for an award, a transcript is issued.

35.0 Diploma supplement

35.1 The diploma supplement is issued to a student solely on the successful completion of a qualification.

35.2 The diploma supplement is produced by the partner institution and provides students who have completed an Open University validated award with a formal, verifiable and comprehensive record of learning and achievement. The standard content of a diploma supplement are set out in Appendix 2 to these Regulations.

36.0 Certificates

36.1 The Open University issues a certificate for each conferred award or completed single registerable module. The standard content of a Certificate for a validated award or completed single registerable module is set out in Appendix 3 to these Regulations.

36.2 Students will be issued with a certificate of The Open University in the name held in formal records at the point when the award is conferred. A certificate will not be amended or reissued in a different name if a change of name is notified after the date of conferment, except in the case of an error by The Open University in recording personal details, or if a valid request is made under the Gender Recognition Act 2004. A duplicate certificate will be issued in the same name as the

original certificate (unless amended as above), even if a change of name may subsequently have been notified.

Content of transcripts

Partner institutions will present the information in the format that they consider to be most appropriate. The minimum requirements for the content of transcripts of The Open University validated awards are:

(a) Student details

(b) Details of the qualification or single registerable module, including any professional, statutory or regulatory body accreditation or recognition.

(c) Up-to-date details of learning and achievement, i.e. modules or units studied, credits awarded, marks or grades achieved and the date and year in which credits were awarded.

(d) Level of study

(e) Mode of study i.e. face-to-face, blended, distance learning

(f) Up-to-date details of non-completion, including the number of attempts taken to complete a module.

(g) Other types of learning, e.g. study abroad, work placement and work experience, accreditation of prior certificated and experiential learning, or accreditation of key skills.

Outline structure for the diploma supplement

The following information will be given in the diploma supplement:

1 Information identifying the holder of the qualification

1.1 Family name(s)

1.2 Given name(s)

1.3 Date of birth (day/month/year)

1.4 Student identification number or code (if available)

2 Information identifying the qualification

2.1 Name of qualification and (if applicable) title conferred (in original language)

2.2 Main field(s) of study for the qualification

2.3 Name and status of awarding institution (in original language)

2.4 Name, address and status of institution (if different from 2.3) delivering studies

a. Principal location of study (if different from 2.4 above)

2.5 Language(s) of instruction/examination

3 Information on the level of the qualification

3.1 Level of qualification

3.2 Official length of programme

3.3 Access requirements(s)

4 Information on the contents and results gained

4.1 Mode of study

4.2 Programme requirements

4.3 Programme details (e.g. modules or units studied) and the individual grades/marks/credits obtained

4.4 Grading scheme and, if available, grade distribution guidance

4.5 Overall classification of the qualification (in original language)

5 Information on the function of the qualification

5.1 Access to further study

5.2 Professional status (if applicable)

7.2 Signature of official certifying the diploma supplement

7.3 Capacity

7.4 Official stamp or seal of partner institution

8 Information on the higher education system

8.1 For this field, Partner institutions will adopt the standard description adopted by the rest of The Open University.

Content of certificates

A validated award certificate conferred under the Charter of The Open University records:

(a) the name of the Partner institution at which the student has been registered, together with the name of any other institution sharing responsibility for the student's programme of study
(b) the student's full name as given on the list of recommendations submitted to The Open University by the institution at which the student was registered. For gender reassignment, The Open University will require proof of the new identity before a new certificate is issued.
(c) the award
(d) the title of the programme, as approved by The Open University
(e) the language of instruction and assessment, where this is not English
(f) an approved endorsement, where appropriate, that the programme of study was in sandwich mode
(g) the date the award was conferred.

A certificate awarded upon completion of a single registerable module records:

(a) the name of the Partner institution at which the student has been registered together with the name of any other institution sharing responsibility for the student's study.
(b) the student's full name as given on the list of recommendations submitted to The Open University by the institution at which the student was registered. For gender reassignment, The Open University will require proof of the new identity before a new certificate is issued.
(c) the title of the single registerable module, as approved by The Open University
(d) the level of the single registerable module
(e) the credit value of the single registerable module
(f) the language of instruction and assessment, where this is not English
(g) the date the module was conferred.
(h) the module aims and learning outcomes.

The Open University validated award and single registerable module certificates conform with specific design requirements of The Open University.
